

The SMART Alamo Chapter enjoyed a fantastic year of musters on 2022, so well-planned by current Muster Master Hank DiGiovanni and past muster master Margaret Noonan. The locations this year were varied, some we had not been to before, and all had good attendance. We had wonderful hosts and of course every member pitches in and helps, which makes it relaxed and fun. Everyone was happy to be together again and enjoy the camaraderie that our club is known for. The Super Bowl muster at Braunig Lake was full of activities and fun, and started our year off with fun new Alamo members, Rickey and Araceli Hasley. Brazos Valley RV Resort in Caldwell was a great venue, and that area had so many opportunities for visiting interesting and unique places. We'll never forget the taste of fresh-off-the-line Blue Bell Ice Cream! The National Muster in Wyoming was a big success, despite lower numbers in attendance this year, the hosts planned a great National for all to enjoy. The annual Fish Fry this year was back to "in-person" and so delicious...definitely one of our yearly favorites. Our Christmas muster at Buckhorn Lake RV Resort was packed with great music, food, games, and more new fun members, Jim and Rhonda Roles, recruited right there at the park. The Holiday party this year was spectacular; notice the happy faces in our annual group photo. Friendship is a big deal in the Alamo Chapter, we have a wonderful group of members who truly love being together and experiencing what this awesome SMART organization has to offer each of us. Let's resolve to keep it going in this upcoming New Year and for years to come. Recruit and stay involved.

Please see the 2023 listing of our planned musters on our Alamo Chapter webpage, and mark your calendars. Don't miss any of the fun!

Mary Palmer, Alamo Chapter secretary
