"Seeing the Country We Defend"

Jamestown, VA

The original Susan Constant, Godspeed and Discovery set sail from London on December 20, 1606, bound for Virginia. The ships carried 105 passengers and 39 crew members on the four-month transatlantic voyage. A 17th-century source noted that a total of 71 people were aboard the Susan Constant, 52 aboard the Godspeed and 21 aboard the Discovery. The expedition was sponsored by the Virginia Company of London, a business venture that had been organized to form a colony in Virginia. The fleet reached the Virginia coast in late April and, after two weeks of inland waterway exploration, arrived at the selected settlement site on May 13, 1607.

Our summer travel season is here and even more SMART members are *Seeing the Country We Defend*! Whether you are traveling alone, with Chapters or in Caravans, members are our ambassadors to RV parks, Walmart parking lots and wherever we travel.

Most veterans that are also RV’ers are unaware of SMART. Ask your neighbors at every military RV park and you will be astounded. It is critically important that we accelerate our efforts to spread the word about SMART. We need to do it actively and passively.

Person to person conversation is and always has been the most successful. Hand out literature, tell them about your adventures and the comradery you’ve enjoyed. Ask for their email address and their permission to add it to our distribution list for monthly Travelers and Emails. This will reinforce your recruiting efforts and establish regular contact with an eligible candidate.

Banners are an excellent static display, advertising SMART. They start conversations and invite attention to our website. More than 100 SMART banners are owned by members and are spreading the word about the benefits of membership in SMART. If you don’t have one, purchase one from Wagon Masters, Regional Directors or HQ. A bargain at $20.

SMART decals help members identify other members but are generally too small to attract or inform non-members. Banners work only when parked. No one wants their RV to be a moving billboard but whatever we can do to attract potential members to our web site would help. Vista Print and similar companies can make decals and magnetic signs that won’t damage paint and are visible while in motion.

Seeking a banner or sign that could be read by a vehicle overtaking our rig, Vista print made a 12 x 24 magnetic sign that was intended to be attached to a metal panel on the rear end cap. Unfortunately, the panel is aluminum not steel. The sign works fine on my pickup doors.

My towed Jeep now has a custom spare tire cover. These covers can now be ordered by HQ for your tire sizes at a bargain price.

Person to person contact, banners and signs are all one-on-one efforts. Expanding our E-mail distribution lists permits us to inform thousands each month. Please make every effort to gather email addresses of every potential new member. Add your friends and neighbors to our Friends list. It lets them to see the fun you are having and may get passed to their contacts as potential new members.

Our Recruiting and Retention Coordinator, Richard Palmer, just added 172 new email addresses of prospective members. Let’s help him out. When you speak to someone about SMART, ask for their email address and ask their permission to be included on SMART’s distribution list. Last year we sent the May 2018 Traveler to 665 address, 51% opened it. This Traveler will go to more than 2700.

Our most recent RVing adventure was the SMW Regional Muster in Glen Rose TX. We had a great time with SMART friends, had several tasty meals together, enjoyed table games and horse races, sang & danced along with the superb entertainment, and most of all simply enjoyed one another’s company. The enthusiasm of our members was obvious from the time we arrived until we all headed our separate ways. Get that RV out, check out the events schedule on the SMART website, and find a muster or two you can get on your schedule. There are so many great opportunities to enjoy the fellowship of other SMART members. And invite a veteran friend to come along with you. Show them what a good time we have together, and let them know how they can join SMART too!

Your website team continues its work in improving the SMART website, and in finding new ways to make the website more and more useful to the membership. The latest project is to add online muster registration for chapter, region, and national musters. This will greatly simplify the registration process and the creation of muster records, and will provide some great assistance to muster masters. An attendees list will be automatically generated for the muster master, virtually eliminating errors in transferring information from printed forms. A listing of member numbers can be generated for use in door prize drawings. You will get immediate confirmation that your muster registration has been received, and in the process your member profile will be automatically updated if you make any changes to your address or other information in the online form. For now, payment will have to be mailed to the muster master or HQ, but our hope is to add online payment soon so that both registration and payment can be immediately accomplished and confirmed. In order for us to get maximum benefit from online registration, all muster attendees would need to be registered online. However, knowing that some members do not have internet access, we are looking at ways to assist them in registration without compromising the integrity of the process. This would allow tour sign-ups to be automatically totaled so that you would immediately know if you are confirmed for a tour or added to a waiting list. You will be hearing more about the online muster registration process soon. I hope you will help us implement this new website feature, and also give us suggestions for improvements!

I hope you are registered for the National Muster scheduled for 23-28 September in Virginia. If not, you have plenty of time to get registered. Go the following link for complete information and a link to the registration form: https://www.smartrving.org/NM2019/ Watch for candidate resumes for the election for 2nd Vice President, and plan to vote either in person at the muster, or by written or online ballot. Our 2019 National Muster will be another great SMART time together. Don’t miss it!!  Paul Rider

Gwen’s mother Betty passed away a couple of weeks ago. She was diagnosed in November with Pancreatic Cancer. I am not writing this to solicit sympathetic responses, but to tell you about a remarkable woman who loved to travel. She was 95 years young when she passed and lived life to the fullest. Betty and Gwen’s father traveled to all corners of the world. Even after the death of Gwen’s father, Betty continued to travel. When she wasn’t traveling she was planning her next trip. Some of you had the chance to meet her because she traveled with us on many occasions in our motorhome. Now guys how many of you would gladly take your mother in law with you on a trip in your RV. Probably not many. I was extremely fortunate to have someone in my life like Gwen’s mom. We will truly miss her.       Con’t on next page...
Like Gwen’s parents we were bitten by the travel bug early in our relationship. Camping/RVing has been an important part of our travels. Before joining SMART we traveled extensively throughout the U.S. in various rigs, the latest of which is a 40’ Diesel Pusher, and yes, Betty went on a lot of these trips with us. Since joining SMART we were introduced to a whole new world of RV adventures. We have been a part of wonderful caravans to Alaska, Alberta, and the Canadian Maritimes. If you have not been on a SMART caravan you need to consider one in the future. Talk with folks that have been and you will hear stories of great adventures and forging lifelong friendships along the way.

Aside from the caravans we have the opportunity to meet with fellow SMART members at State, Regional, and National Musters. These are great fun and again may allow you to see parts of this great country you may not otherwise see. If you haven’t already, get involved with a local chapter and see just how enjoyable the camaraderie of likeminded travelers can be. When you talk with folks about SMART share with them the great times and friendships you’ve enjoyed as a SMART member. That is the best and easiest way to generate interest in our great organization.

As I reflect on Betty’s life I am overcome with the thought of just how short life is and the importance of our relationships with family and friends. Keep your family and friends close. You never know just how much time you will have with them.

We look forward to seeing all our SMART friends as we travel this great country we helped defend.

Good Morning! As the sun rises and we greet a new day we need to know that on each day we have a finite amount of time to work, sleep, play. Oftentimes I find myself saying that there simply aren’t enough hours in the day. And I know I’m not alone in that. But it’s true…we only have so much time. In a day. In a week. In a month. In a year. In this lifetime. As we all know by now, life is made up of good and bad moments. It’s made up of the highest of highs and the lowest of lows. So, of course not every single day is going to be a good day. Sometimes there might even be a few days in a row that aren’t so “good.” However, I would bet that if we stopped and took a moment to think of those days you could find something good in each of those “not so good” days. Find that good, dwell on it, and be grateful. Feel grateful. I can promise there’s at least one thing (though likely more) that is good – even if just a tiny thing. The key is to find that good in every single day. Whether that means writing down what you’re grateful for in the morning. Because if you find that good in every day you’re setting yourself up for success in the days that follow. And soon your mind will automatically know to look for and think about the good, find at least one good thing in everyday and look for the good. Because it’s there. Larry Shields, Chaplain

Online Muster Registration.

SMART announces the addition of online muster registration for chapter and region musters, with nationals to follow. No more adding information that is already in your SMART profile. Simply go to the appropriate chapter or region home page, select the muster you wish to register for, and click on the ‘More Info’ or ‘Online Registration Form’ button. This will take you to the form, with all of your information pre-entered on the form.

You should review and update your member profile and then enter the appropriate information on number of guests, arrival and departure dates, etc. The bottom of the form contains a check block for liability release. Clicking that box is your ‘electronic signature’ of acceptance. Once you accept that release, you will see the total cost for the muster and the submit button. Once you click on ‘Submit’, your form is sent to HQ and the appropriate muster host and/or treasurer; and is also added to an automated muster attendees list.

This greatly simplifies the duties of muster hosts in managing the muster. Your only additional requirement is to print the receipt that confirms your submission and mail it along with your check to the person/address on the receipt. You will receive an email verifying your electronic submission.

One great feature of the online registration is that any changes you make to your personal information (new email address, phone number, RV type or information) is automatically changed in your personal profile. We realize that not all potential attendees will be able to submit the online form (such as non-SMART members who want to check us out.) There will be a printable registration form for those folks to fill out and mail in, just as is now done. Any questions, please contact your website delegate or one of the webmasters.

Have you signed up for the National Muster yet and made your reservations at Beth Page Resort? If not, then please do so early so we can plan the tours and you can plan your look into the many attractions that are available in the area of Urbanna and Williamsburg Virginia. One of our previous notifications listed the 50 most significant things to see within 50 miles of Urbanna. Williamsburg, Jamestown and Yorktown are some of the most sought after visiting places in the U.S. and we want you to share in that visit. Have you had oysters or spent an afternoon picking blue crabs from the Chesapeake Bay. If not, schedule a time to do so while you are in the area. Additionally, there are major military bases for all the services within that same radial of 50 miles or less. Most bases treasure the return of their service personnel to the roots that molded them in their service traditions. Don’t forget we also have special entertainment and informational seminars available at the muster site, but we don’t want you to miss out on any local attractions during your visit so take a little time and research your interests and schedule a side trip. Do you Like wineries- there are several in the area. ‘Like fishing--try the Bay for Stripers or even the Rappahannock. ‘Like tradition and history--visit Richmond or DC. ‘Like food--layout a roll of brown paper and pick some blue crabs.

Prizes and gift baskets are often brought or sent to the National site from most chapters and often represent tastes and features from their local area. We, of course, want to continue this tradition and suggest that each of the chapters participate. Our door prize coordinator for chapter prizes and gifts is Sharon E. Bennett, 4509 Curtis Dr., Virginia Beach, VA 23455. If your chapter cannot visit the National Muster for any reason and you wish to contribute to the door prizes, Sharon will be pleased to help.

Included below is a link for a visit to Williamsburg. Click on it or put it in your browser and dream.

Join us for an exciting 3-weeks in Southeastern Virginia. “Virginia is For Lovers” and especially History Lovers. In a short three-weeks, we will sample 400 years of American history. From the first English settlement at Jamestown, early colonial times that declared our independence, through the tragedy of the civil war, to modern ships, aircraft and outer space activities, we’ll visit them all and enjoy southern cooking and Chesapeake seafood. 
https://www.youtube.com/watch?v=GPf70izBGN0

“Virginia is the nation’s third largest producer of marine products ...and is only out paced by Alaska and Louisiana... Hampton Roads was the nineteenth wealthiest seafood port in the nation...Virginia’s watermen harvest 50 commercially valuable species... Among these traditional species in order of economic value, are sea scallops, oysters, blue crabs, clams, flounder, croaker, striped bass, black sea bass, conch and catfish”.

Have you ever tasted Virginia country Ham? Not the ordinary brine cured honey ham available everywhere.

A southern favorite, these hams are dry-cured, meaning they're rubbed with salt and seasonings, smoked, then aged anywhere from 4 months to 3 years. Salty and chewy, the intensely flavored meat is usually served with biscuits or incorporated into casseroles and salads.

A sample of our Itinerary:
We'll begin the caravan with a bus trip to Appomattox Court House National Historic Park where the Civil War ended, have lunch at historic Babcock House, visit the National D-Day Memorial at Bedford, VA and Thomas Jefferson’s little-known retreat at Poplar Forest. (Con’t)
Beginning in the beautiful Shenandoah Valley and Skyline Drive, visit several historic homes and places and have lunch at Michie Tavern. We may pick apples on the mountainside near Thomas Jefferson’s home at Monticello. We will continue on to Pocahontas State Park and visit historic Richmond and Petersburg, Civil war battlefields and the center of the Confederacy. Tredegar Iron Works a National Historic Monument, manufactured more than 1100 cannons, armor for iron clad warships and even a submarine. We’ll learn about the tragedy of the civil war at the American Civil War Museum at Historic Tredegar and visit selected Civil War battlefields. More than 660,000 civil war soldiers died in this tragic war, more Americans than WWI and WWII combined. Our tours will have local historians that have studied these events and teach and lecture about them.

Our third RV park will be Cheatham Annex Naval Station at Yorktown. From there we will visit James River Plantations, and Colonial life at Jamestown, Williamsburg and Yorktown. Frommers Travel Publications list Virginia as one of the Top places to be in 2019. Seven of the first 28 US Presidents came from Virginia.

Finally, we will experience the thriving Aerospace and military activities in Virginia. View the recovered Turret of the USS Monitor from the first battle of the ironclads. Walk the decks of the battleship USS Wisconsin BB-64, make a pier side visit to a nuclear submarine and nuclear aircraft carrier. See where these ships are built. https://s3.amazonaws.com/cms.ipressroom.com/217/files/201811/5c17b63f2cfac20261b95836_m181121_ssn791/m181121_ssn791.mp4

Visiting the Virginia Institute of Marine Sciences, we will learn about the ecology and seafood industry of the Chesapeake Bay. We are only covering a small corner of the Dominion of Virginia but its packed full of history, adventure, great food and beautiful fall weather. When the caravan ends we will be a one hour drive from Bethpage Campground site of the 2019 SMART National Muster

Looking for something to do after the National Muster in Urbanna, VA? Join us for the Fall Colors Caravan which has been a popular event in past years and will again be an enjoyable opportunity to see the New England area in its entire colorful splendor.

Meet us on September 30th at our starting point in Florida, New York where we will have our welcome dinner, take a whirlwind all day bus tour of New York City, and tour the West Point Military Academy. Next we will visit Norman Rockwell country in Arlington, VT and perhaps meet one of his models as well. There are also many famous covered bridges to see in this area as well as historic homes, cheese factories, and waterfalls. At our next stop we will spend time at Fort Ticonderoga learning the history of the area. You can also go apple picking, wander through a corn maze, or ride the Ticonderoga Ferry. In Shelburne, VT we will enjoy the famous Shelburne Museum and have a happy time at the Teddy Bear Factory as well. A vineyard and brewery are also nearby as is Ethan Allen’s homestead. Moving on to Stowe, VT we will visit the Rock of Ages Granite Quarry and of course we must tour Ben & Jerry’s Ice cream. There is also a working glassblowing studio, a sugar farm and a gondola ride to the top of Mt. Mansfield for those who care to go there. Our next stop is in Littleton, NH where we will take the exciting cog railway to the top of Mt Washington. In Littleton, you can also see Robert Frost’s house and covered bridges, and you can lunch at Miller’s Café which has been voted to have one of the 50 best sandwiches in the USA. Bar Harbor, Maine is next on our agenda where we will tour the town and take a narrated bus tour of nearby Acadia National Park. Surely while we are in Maine we will also sample some Maine lobsters! Then it is on to Freeport, Maine for shopping at the fabulous flagship store of L.L. Bean. Those not interested in shopping can visit one of the many historic buildings in Freeport which is called the birthplace of Maine or see one of the most unique tourist attractions in the state, the Desert of Maine. A great train tour for leaf peeping or a boat cruise on Lake Winnipesaukee will be scheduled for our stop in Laconia, NH. Our last stop will be in Mystic, CT where we will spend a day at the Mystic Seaport Museum and visit the Groton Submarine Force Museum as well. Our farewell dinner will be held in Mystic. We only have space for 15 rigs due to limited campground facilities at that time of the year. See SMART website for more details and registration forms.

The Bucs welcomed spring with a return to Cedar Key, FL. Cedar Key is a tiny community known for its artists, waterfront living, great seafood restaurants, and clam farming. Only 600 permanent residents, yet Cedar Key provides about 80% of the clams consumed in the U.S! We took a guided boat tour of the Cedar Key National Wildlife Refuge and were treated to some playful dolphins right alongside the boat during our trip. Of course, we had to sample the great seafood, including Tony’s clam chowder, three-time World Champion of the Great Chowder Cook-Off. We greeted new members to the chapter Tony and Gina Mason, and Doug and Holly Combs and enjoyed evenings of poker and hand-and-foot. We invite all SMART members (and potential members) to join us at our next muster.

Our NMW, set up a membership booth at our Great Bend, Ks. – FARM EXPO, [3] day show this past week. This was the 7\textsuperscript{th} year that I have had a membership booth set up at this show. They have over 700 Exhibitors at this Farm Show. Most are outside, showing farm equipment. They have 3 huge inside buildings, with 8’ X 10’ booths. These show space booths cost about $650.00. With [HAT IN HAND], I have been able to get a booth at – No Cost – Called FREE. This year, it was very cold. Walk-ins were, way down, because of the cold weather. WE TRIED. I am attempting to start a New Chapter in this community. Am also attempting to start a new S.M.A.R.T. Chapter In Dodge City, KS. NOTE; all of the back drops, table is furnished and set up by the show. All that I have to bring, is my Table display items.
