Recently, there was an excellent article circulating on military social networks entitled “Who packed your parachute today”. The gist of the article was about a pilot in Vietnam who was shot down but was able to parachute safely to the ground (though into enemy hands). Years later while at a restaurant with his wife, the pilot met the navy serviceman who had carefully packed his parachute that day giving the pilot the opportunity to thank him for saving his life. This article goes on to remind us all to remember and give credit to the people who help us in large and small ways along the way.

In June this year, I was sitting in the driver seat of our RV in the western part of Minnesota when I wanted to get up and go outside. I found to my surprise that I was unable to get out of the seat by myself. Knowing that my favorite (and only) niece, Lynn, was in the vicinity I called for her to help. Lynn quickly responded and, after one look at my face, recognized the signs of a stroke and dialed 911. The rescue squad helped me out of the RV, loaded me into an ambulance that took me to a waiting helicopter in a nearby farm field, and flew me to a hospital in Fargo, ND to receive the urgent care all stroke victims need to get as soon as possible.

Developed by stroke physicians in the UK in the late 90s, the acronym FAST (Facial drooping, Arm weakness, Speech difficulty, and Time) needs to be known by everyone.

The smile that I gave Lynn when she first saw me that evening was somewhat distorted and not the usual smile she gets from me. I was unable to get out of the RV seat by myself because of the extreme weakness I had on the left side of my body.

The first three letters in the FAST acronym clue you to the signs that a stroke may have occurred. The last letter, T, is a reminder that the
period of time immediately following a traumatic injury, such as a stroke, is when there is the greatest probability that medical attention will be able to save a life.

Lynn was packing my parachute that day. She knew how to recognize the signs of a stroke. She knew I needed medical care immediately. When she dialed 911, Lynn saved my life.

I am hoping through this experience everyone will learn the acronym FAST, the stroke warning signs it helps you remember, and the importance of obtaining medical care right away.

Your get well cards and letters cover my window sill and surfaces in my room. I really appreciate them. One of my favorites reads “Friends are like flowers in the garden of life”. SMART friends and shipmates and neighbors from all over have come to visit.

The nicest surprise I’ve had was when my grandson who was flying aboard the USS Abraham Lincoln in the Middle East walked into my room to see me. I’m glad hospital gowns have both buttons and ties – mine burst with pride as the first 3rd generation naval officer in the family came to see me from the opposite side of the world.

The Lord’s Prayer delivery service has been working overtime and I appreciate your prayers. I hit the return button on every one. I wish I could personally answer every card and email, but I currently am unable to write or use a keyboard, so that will have to wait. I have many months of therapy ahead of me, but I am doing fine. I hope to see everyone at National!

Big Thank You to SKYMED, they were there when I needed them!

This is the medivac helicopter that brought Dad from a field to the hospital in Fargo, and Thank You SkyMed for the Airplane that brought Dad from Fargo to Virginia for Rehab. Also, bringing Dad’s RV home safely.
From the 1st VP

You have heard a lot in SMART over the past few years about recruiting ... any organization I am a part of from the military to RV groups is always talking about recruiting ... the ongoing need to add new members. And SMART even has a designated Recruiting and Retention Chair. I suspect you have seen some messages from Richard Palmer about his efforts in this area.

You may have noticed Richard’s title is not just “Recruiting” but also “Retention.” That is because we have an even larger problem with retention than we do with recruiting ... with KEEPING members in SMART after they join! The military often pays bonuses for people to re-enlist at the end of their commitment because they need to retain members with specific skills. Well, SMART is no different ... except that we want EVERY member to remain on the roster, but we can’t pay out thousands of dollars in bonuses to get folks to stay!

Each month, SMART HQ puts out a document to your leadership with numbers of new members and deleted members ... deleted members include both those who contacted us and said they have sold their RV and are off the road, and those who simply did not renew their membership without explanation. It is this second group that our Recruiting/Retention coordinator has recently been focusing on.

Richard Palmer has been surveying former members who have dropped out. Far too many of those who dropped out of SMART in the past year had been members for only a year of so. And far too many of them say they did not renew because they did not feel welcomed! They joined a chapter but when they went to chapter musters they ended up eating at a table alone; they didn’t feel welcomed; they felt like outsiders; no one talked to them. I know that is a hard nut to crack because we all go to musters to renew relationships with friends! And people are different, so we don’t always know how to approach people we don’t know. But we need to do better at welcoming our newer members, and in drawing them into fellowship with us in our chapters and at Regionals and at National.

Remember what I said last month? Young people today join organizations because they want meaningful connections and involvement with other people. They want camaraderie!

I have a next door neighbor I spend a good bit of time with. After watching us come and go in our RV for the past 9 years, he bought an RV about 9 months ago. He followed us to Alabama last December. He is excited about RVing. So much so that when the ac went out in his house in April of this year, he moved into his RV. And although the ac has long ago been replaced in the house, he continues to live behind the house in his RV. He LOVES his RV!

Jean & I invited him to a meeting of our local Winnebago chapter ... with a membership of 4 rigs. He didn’t participate in any activities except going out to lunch the first day, and the first night potluck, and told me later “ya’ll know each other. You are too much like a little family,” which I interpreted to mean, “I didn’t feel like I belonged”. I know that he wasn’t really there because he was interested in the group as much as because he wanted to experience his new rv, but I still believe he would enjoy the group if we could do a better job at drawing him into our fellowship. Perhaps I could ask for his help in completing my normal jigsaw puzzle to draw him in more! We will keep working on him.

And we in SMART also need to work on welcoming our newer members and drawing them into the fellowship. No new member should eat alone at group meals! No new member should be left out of the fellowship after the meal! Each of us needs to go out of our way to
get to know our newer members, to find out their skills and what they are passionate about, and to discover ways to make them a part of our existing camaraderie.

Take a look around at your next muster. Notice where the newer members are. Make it a point to welcome them, talk with them, invite them to join you in activities, get to know them, find out what they are passionate about ... you will be grooming a new SMART member, and along the way you might just discover a new best friend!!

Enjoy the adventure, Paul

---

**Note from your 2ndVP**

Summer is in full swing and SMART members nationwide are looking forward to attending the 2019 National Muster in Urbanna, Virginia. Many are visiting places of interest or attending chapter and/or regional musters on their way to Virginia.

It is extremely important to make sure your rig is ready for the trip. Proper maintenance not only helps prevent breakdowns but also helps keep you safe on the road. Once you are on the road be sure to drive defensively. Those of us who have experienced RV travel for a while understand that regardless of the type of rig you travel with, RVs do not respond like a car. Case in point; Gwen and I left Carson City, NV on July 5th heading for a family reunion in Oregon and then continue our trip across the U.S. on our way to the national muster. We were driving on a curvy mountain road in northern California maintaining a speed of about 55 miles per hour even though the posted speed was 65. We came around a blind corner to find the traffic had come to a complete stand still. We were no more than 100 feet from the car at the back of the line and still travelling at 55 mph. Quick thinking was the only thing that saved us from disaster. I immediately hit the brakes and swerved into the other lane so I wouldn’t plow into the stopped cars. Fortunately there was not any traffic in the other lane. I finally got stopped but not before passing 6 of the stopped cars. The stopped cars were waiting to turn into a recreation area that was not set up to process a large number of cars quickly. The turning lane was only long enough for a couple of cars so the rest were stopped in the travel lane waiting to turn into the park. There was no warning whatsoever of the backed up traffic. Bottom line is we need to stay vigilant when driving. You never know what surprises are around the next corner.

We look forward to seeing old friends and meeting new members. It is extremely important that we welcome new members into our SMART family. A big part of joining any organization is to feel welcome so when you see someone new introduce yourself and invite them to join you in enjoying SMART activities.

Safe travels and we look forward to seeing you all, both new and old members, at the national muster in Virginia. Carl Hopper, 2nd VP

REMINDER

When packing for your trip to the 2019 SMART National in Urbanna, Virginia, don't forget to pack non-perishable food items for our food drive, as well as any school supplies for a local school. Also lap robes and skull caps for our veterans and service members.

We have chosen Hands Across Middlesex for our food drive and Middlesex Elementary for school supplies. We will also contact the nearest VA Hospital to distribute lap robes and skull caps.

I look forward to seeing old friends and making new ones.

If you have not registered to attend the 2019 National there is still time. Don't miss all the fun and camaraderie.

Gwen Hopper, Chairperson National Spouse Advisory Committee

If you arrive in VA early you might want to see the 94th Annual Hampton Cup Regatta

21-22 September, 2019

North America’s oldest continuously-run hydroplane boat race is back for it’s 94th year! Enjoy a children’s area, food vendors, Bay Education, and environmental exhibits.

East Mercury Bridge at Fort Monroe. FREE Admission. 757-727-8311

www.hamptoncupregatta.com
Resumes for 2nd VP

RESUME of Willie R Pollard Jr

Position: 2nd Vice President of SMART National

I, Willie R. Pollard Jr., SMART Member #11846, do hereby apply for the position of SMART National 2nd Vice President. If approved by the Election Committee, I agree to accept the nomination and responsibilities as outlined in the SMART SR 06-18 and understand there is no compensation for this position, as stated in SMART Bylaws 6.11 I agree to assist in other areas as needed. I will always uphold the dignity of SMART and all of its membership.

I have been a member of SMART since 2004. I served as Muster Master for Alamo SMART for a period of six years and I’m currently President of Alamo SMARTs Chapter. I was the Master of Ceremonies for the 2018 National Muster held in Mineola, Texas and will be the Muster Master for the National Muster in 2020 in Shawnee, OK. In order to meet members in other chapters I also belonged to the SMART Cajuns, SMART Texans and the Nomads. I am a member of the Star Chapter and a staunch recruiter for SMART and will continue efforts to bring in new members. I am a life member of the Disabled American Veterans and have served as Alamo Chapter 5 Legislative Officer in San Antonio, Texas. I spent over twenty six years on active duty in the United States Army in command and high level staff positions. For the last four years of my active duty career I was the Inspector General for the state of Indiana. Two weeks after retiring from the military in 1994 I transitioned into education with the Northside Independent School District, San Antonio, Texas where I opened the doors to a class called Skills for Adolescents for the Middle Schools. I retired as a High School Principal in 2012.

I am applying for the position of 2nd Vice President of SMART because I believe in SMART and all it stands for. If elected as 2nd Vice President, just as I believe in SMART, I am going to work hard to make sure members of SMART believe in me.

Willie R Pollard JR

Craft Events at the 2019 National Muster

We have arranged for two craft events at the 2019 S.M.A.R.T. National Muster this year. River House Creations will be offering a stained glass class where you will assemble your own framed American flag. Instructions and all materials will be provided. This will look great hanging in the window of your rig!

Two Swallows Sip and Stencil will be offering a stencil class utilizing reclaimed wood. Several themes will be offered, and the final product will be suitable for indoor or outdoor display. Signup for both craft classes will be during registration. Times and prices are being finalized and will be in the next Traveler, The Page, and the Muster Booklet. See you at the National Muster at Bethpage Camp-Resort!
RESUME of Gene E Bennett

for 2nd Vice President, SMART

I, Gene E Bennett, SMART Member #12635, do hereby apply for the position of SMART National 2nd Vice President. If approved by the Election Committee, I agree to accept the nomination and responsibilities as outlined in SMART SR 06-18 and understand there is no compensation for this position, as stated in SMART By Laws 6.11. I agree to assist in any/all other areas as needed. I will do my best to uphold the dignity of SMART and all of its members, current and future.

I have been a member of SMART since 2005. I have held positions of Chapter President (CATS), North East Regional Director for the past 4 years, and currently Chair of the Military RV Parks Committee.

I feel the SMART Camping Club is the best in the US and Canada.

I'm applying for the position of 2nd Vice President because I feel I can create a positive influence in SMART.

Gene E Bennett

Do you use Social Media programs such as LinkedIn, Twitter, YouTube, or Instagram? Research has shown organizations with an aggressive social media program reach a broader spectrum of potential members and also provide a good way to keep current members informed and involved. While we have an outstanding SMART website and this Facebook Group, there are additional ways to use Social Media to our advantage. Many progressive organizations use them and we are looking for ways to implement them. I've recently been appointed by SMART President Doug Blaha to serve as the Coordinator of the SMART Social Media Committee. I will need members who also believe this may be a good way to go and have expertise in one or more of the social media platforms or are willing to learn. Please contact me at email to: jfs9840@gmail.com if you are interested. PP John Steinbauer
SMART CARAVAN APPLICATION

Make Checks Payable to: SMART or contact HQ SMART to pay by credit card
Mail To: SMART, INC 114 Duxbury Ave, Molino, FL 32577
