

The Chapter Newsletter "The Rebel Yell"

Presidents Message

It's been some time since I've communicated with the Chapter either written/orally. I'm sure that y'all have had more to do in life than listen to what I have to say. Life is like I experienced when I left the Navy many years ago, (It kept on sailing just fine without me).

Barry Hanchett should be commended for all the work he did trying to assemble committees for the 2017 SE Regional Muster and communicate with those outside the Chapter. His straight forward common sense approach to everything he commits to is a breath of fresh air. There's not a hint of "PC" in the man.

While Barry and the committees were busy trying to plan ahead for the SE Regional, I sat on the sidelines doing much of nothing except having some work done on my trailer in Jax, FL and going to doctor's appointments. Then I decided to try to "move a huge block building" with my trailer. The building suffered only slight scratches where by my trailer had to have the main awning and a slide out awning replaced, the entry door and frame replaced and some handy body work on the lower part of the main slide out. I also had some minor work done and it all only cost me a little over \$7K. Insurance paid for \$5K which cut down on some of the tears that ran freely from the tips of my beard. You talk about stupid stunts!!

I must also thank those who were in the committees for the SE Regional! One committee in particular, the Food committee, charged off and had everything arranged early. Other folks also started their responsibilities early. Thank you all!!

I sincerely hope that those members that have had medical issues have overcome them. During this off time I made a fast trip to Virginia Beach to attend the funeral of very good friend. Not only did I pull a stupid blunder trying to move that building, but, I also made a trip to Eastern Tennessee to accompany another friend to the funeral and it turned out I was a week early. So I spent a couple days fishing for catfish before I returned home. Wow, that was fun!! I caught several 5 and 6 pounders and they were mighty tasty!

I hope everyone has sent their ballot to Keith Hardman pertaining to the Chapter By-Laws!!! This should be the last time we have to update them unless National changes theirs.

Please have safe travels to Goose Creek and keep your ears to the weather reports as allot of rain is predicted for the coastal regions from the storm Hermine which will hit us tomorrow or the next day as we are in its path. None of our RV's float worth a hoot!! God Bless and watch out for the crazies on the highways.

I wish to express to all who read this that it is never my intent to slight anyone who should be on the Sunshine Report. So to all those I may have missed my heartfelt apologies. Please assist me in getting the word by calling or e mailing me when you know of an illness or surgery. Thanks very much.
