## **Sunshine Report**

Please contact the "Sunshine Lady", Myra Reichert, atmkreichert@hotmail.com or (843) 525-1045, (cell: 843-252-1623) and keep her informed about any updates to someone's condition.

I wish to express to all who read this that it is never my intent to slight anyone who should be on the Sunshine Report. Due to the nature of our lives and our geographical locations, I don't always get word of all illnesses and surgeries that occur until after the fact. This makes me very sad. So to all those I may have missed my heartfelt apologies. Please assist me in getting the word by calling or e mailing me when you know of an illness or surgery. Thanks very much.

Myra

All updates will be posted when available.

## **November 17, 2016**

Buddy Groover is experiencing significant back and leg pain. He has already been diagnosed with a disc problem, but is awaiting other test results before the doctors decide on a course of treatment.

Jim Brantley recently experienced another slight stroke and was hospitalized overnight. Since then, he has had pneumonia and is currently recovering from both. The combination of the two has left him somewhat weak and rundown. Pray for his strengthening and recovery.

Tom Jagielo fell in his driveway and cracked a hip bone. It is not totally broken but painful. He is forbidden to drive for six weeks and is using a walker and cane for stability. Pray for his uneventful recovery.

## **November 11, 2016**

Marie Simpkinson has been suffering hip pain since the summer and finally saw her doctor this week. He prescribed a course of physical therapy. Pray that this brings some relief for Marie.
